PRODUCT FEATURES

Designed to Unfold Your Potential

Sleek, stylish, and smart, Swift 14 AI features an ultra-thin design that easily slips into your bag and weighs as little as 1.26kg. Its screen opens a full 180 degrees, perfectly adapting to any work style.

Find the Perfect View

Content comes alive in vivid detail with three display configurations to choose from: the responsive 2K touchscreen, or the ultra-rich 3K OLED with DisplayHDR True Black 500 and Eyesafe 2.0 certification.

The Ultimate Performance Boost

Breeze through intense workloads and multitask like never before with supercharged AI performance, lightning-fast responsiveness, and multi-day battery life.

PRODUCT FEATURES

Your Personal Productivity Partner

These Copilot+ PCs offer more than just fancy software; they're an extension of your workflow. They anticipate your habits, cater to your needs, and offer intelligent suggestions, so you can focus on what truly matters.

Smart and Effortless AI

Intelligent AI solutions are at your fingertips. Effortlessly get answers, streamline settings, optimize your video presence, and elevate communication. Experience intuitive AI that's easy to use and seamlessly enhances your productivity.

Comprehensive Protection

Safeguard your digital life with protection at the hardware and software level – along with biometric security and advanced privacy features.

* Copilot+ PC experiences are coming. Requires free updates available starting late November 2024. Timing varies by device and region. See aka.ms/copilotpluspcs

* Weight, CPU, display, storage, memory, privacy shutter, and Wi-Fi 7 specifications may vary depending on model and/or region. All models subject to availability.

* Battery life of Swift 14 AI (SF14-51T) with touch panel and 65Wh battery was measured under specific test settings pursuant to a video playback scenario. Actual battery life may vary considerably by specifications, depending on product model, configuration, applications, power management settings, operating conditions, and features utilized. Performance variation also arises based on components in use, which includes but is not limited to the processor, RAM capacity, storage, display, resolution, etc.

* Wi-Fi 7 compatible devices are required to reach the stated speeds/benefits of Wi-Fi 7 (802.11be).

* EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.

NOTABLE MEDIA HIGHLIGHTS

Swift X 14

"screen is able to produce deep blacks and on top of that it'll be able to reproduce color more accurately and on a wider Spectrum making it perfect for those who create content"

- **TechENT**

"You're looking for a long-term device that can be used for productivity tasks and leisure, playing games, editing videos, encoding videos, it's basically an almost all-in-one machine."

- **Amanz**

Aspire S 32

"Acer **Aspire S 32** impresses with its vibrant display, unique accessories, and robust processor, offering efficient multitasking for professional work environments."

- **Hello Express**

"...if just want to use it as a mere productivity PC you can simply connect a gaming console next to it and you can play games just fine now this is definitely one of the reasons why I love this AIO PC..."

- **KL Gadget Guy**

Aspire C 24

"Acer **Aspire C 24** with its cool Intel Processor N100 is like your buddy for everyday tasks without breaking the bank."

- **Hello Express**

Acer TravelMate

"The Acer **TravelMate P4 Spin 14** offers a solid foundation for productivity with its impressive battery life and comfortable keyboard. "

- **Hello Express**

NOTABLE MEDIA HIGHLIGHTS

Acer SA272U E

"Price at the RM600 segment, the Acer SA272U E offers exceptional value for its price point. For users who prioritize color coverage, large screen real estate, and a good balance of productivity and casual gaming features, this monitor is a strong contender."

- **Hello Express**

"All in all, this Acer SA272U E monitor priced at RM659 is really worth the value for me. Of course it does not support 120Hz, but if you are playing PS5, 60Hz is enough for me, and there are not many games that support 120Hz anyway..."

- **The Kampung Nerd**

Acer PM161Q B

"The Acer PM161QB represents exceptional value and portability, making it a recommended addition to any serious mobile worker's daily carry"

- **Hitech Century**

For a budget-friendly portable monitor, I think this is really great. It has beautiful quality, built-in speakers, HDR settings, and it comes with a sturdy folio case that's very simple to use."

- **The Kampung Nerd**

Acer PD 163

"Overall, the Acer PD163 is a good option for those who need a portable monitor for productivity tasks and value durability and ease of use. ...With that we award the Acer PD163 our silver award and will recommend for any productivity worrier that is seeking for extra real estate."

- **Hello Express**
